

# "Eco-Friendly Coir & Cocopeat Solutions for Global Markets"

PRODUCT CATALOG

# **About Us**

At Sonkar Exports, we are dedicated to delivering premium-quality, eco-friendly coco peat and coir products worldwide.

We aim to provide sustainable solutions for horticulture, agriculture, and hydroponics, ensuring better growth and long-term value for our clients.

With innovation and reliability at our core, we strive to be a global leader in the coir industry through our commitment to quality, ethics, and customer satisfaction.

To be a globally recognized leader in the Coco Peat and Coir Industry by delivering high-quality, eco-friendly, and organic coirbased products that promote sustainable living and contribute to a greener planet.

We envision Sonkar Exports as a trusted name in the international market, setting new benchmarks in product innovation, ethical sourcing, and unmatched customer satisfaction.

# Why Sonkar Exports?

#### 1. Premium Quality with Consistency

Strict quality control ensures uniform texture, moisture content, and durability in all coir products.

100% natural, eco-friendly, and sustainable products.

#### 2. Customized Solutions for Buyers

Tailor-made coco peat (custom block size, moisture level, and packaging). Private labeling and branding options for bulk buyers.

#### 3. Reliable and Fast Shipping

Efficient logistics to ensure timely delivery across international markets. Multiple shipping options (sea, air, and bulk freight).

#### 4. Competitive Pricing with Value Addition

Best price-to-quality ratio in the market. Bulk discounts and flexible payment options.

#### 5. Strong Business Ethics & Customer Support

Transparent dealings with no hidden costs.

Dedicated customer support for hassle-free and after-sales service.

#### 6. Compliance with Global Standards

Adherence to international quality certifications: ISO, APEDA, Coir Board India, FIEO, and Organic Certification.

Proper documentation for smooth export processing.

# What is coco peat & coir fiber?

Coco peat is a natural soil substitute, and coir fiber is a strong thread – both made from coconut husk and used in farming and eco-friendly products.

## COCO HUSK CHIPS BLOCK – 5 KG

#### **Key Specs**

- Size: 30x30x12 cm (compressed)
- Weight: 5 kg
- Material: 100% Natural Coco Husk Chips
- pH: 5.5-6.5 | EC: <0.5

#### Uses

- Landscaping
- Hydroponics
- Orchid cultivation
- Soil aeration

#### Features

- Expands up to 60–70 liters when hydrated
- Improves drainage & root oxygenation
- Long-lasting & biodegradable
- Pest-free & weed-free

#### **Variants**

- Chip size: 6mm, 12mm, 18mm
- Grades: Washed/unwashed/triple-washed
- Pre-buffered option available

#### **Export Pack**

- Shrink-wrapped or PP bagged
- Palletized for bulk export
- Custom branding & barcoding

#### Crops

 Tomato | Capsicum | Cucumber Cauliflower | Carrot | Strawberry Pineapple | Watermelon | Herbs | Flowers

# COCO PEAT BLOCK – 5 KG

#### **Key Specs**

- Size: 30x30x12 cm (compressed)
- Weight: 5 kg
- Material: 100% Natural Coco Peat
- pH: 5.5–6.5 | EC: Low (<0.5) or High (1.0–2.0)

#### Uses

- Hydroponics
- Greenhouse farming
- Potting mixes
- Seed starting

#### **Features**

- Excellent water retention & aeration
- Pest & pathogen-free
- Reusable and eco-friendly

#### **Variants**

- EC grades: Low, High, Buffered
- Texture: Fine, Medium, Coarse
- Custom branding available

#### **Export Pack**

- PP bagged or shrink-wrapped
- Palletized for shipping
- Private labeling on request

#### Crops

 Tomato | Capsicum | Cucumber | Cauliflov Carrot | Strawberry | Pineapple | Waterme Herbs | Flowers

### COCO HUSK CHIPS BRICK – 650G

#### **Key Specs**

- Size: 10x10x2 cm (compressed)
- Weight: 650g
- Material: 100% Natural Coco Husk Chips
- pH: 5.5–6.5 | EC: <0.5

#### Uses

- Potting mix
- Hydroponics
- Landscaping
- Greenhouse cultivation

#### **Features**

- Expands 10–12 times when hydrated
- Improves aeration & drainage
- Prevents root rot & fungal growth
- Biodegradable & eco-friendly

#### **Variants**

- Chip size: 6mm, 12mm, 18mm
- Grades: Washed/unwashed/triple-washed
- Packing: Single or multi-brick packs

#### **Export Pack**

- Shrink-wrapped or packed in cartons
- Palletized for bulk export
- Custom branding & barcoding

#### Crops

 Tomato | Capsicum | Cucumber Cauliflower | Carrot | Strawberry Pineapple | Watermelon | Herbs | Flowers

# COCO PEAT BRICK – 650G

#### **Key Specs**

- Size: 20x10x5 cm (compressed)
- Weight: 650g
- Material: 100% Natural Coco Peat
- pH: 5.5–6.5 | EC: Low (<0.5) or High (1.0–2.0)

#### Uses

- Indoor & outdoor cultivation
- Hydroponics
- Animal bedding

#### **Features**

- Expands 6–7 liters when hydrated
- Retains moisture & provides aeration
- 100% biodegradable & eco-friendly
- Lightweight & easy to handle

#### **Variants**

- EC grades: Low or High
- Texture: Fine, medium, coarse
- Washed, unwashed, or buffered

#### **Export Pack**

- Packed in pouches or cartons
- Multi-brick retail packs available
- Palletized & shrink-wrapped

#### Crops

- Tomato | Capsicum | Cucumber | Cauliflower | Carrot | Strawberry | Pineapple | Watermelon | Herbs | Flowers

### HYDROPONICS LAY-FLAT GROW BAGS

#### **Key Specs**

- Size: 100x15x10 cm (custom available)
- Material: Coco Peat + Chips/Fiber Blend
- Outer: UV-treated Poly Bag
- pH: 5.5–6.5 | EC: <0.5

#### **Uses**

- Greenhouse & polyhouse farming
- Soilless cultivation
- Hydroponic systems

#### Features

- Ready-to-use growing media
- UV-protected & pest-free
- Enhances root aeration & moisture control
- Pre-made planting holes available

#### **Variants**

- Media mix: Peat only or peat + chips/fiber
- Sizes: Customizable
- 2, 3, or 4 planting slits

#### **Export Pack**

- Shrink-wrapped or bundled
- Palletized for container loading
- Custom branding & barcoding available

#### Crops

 Tomato | Capsicum | Cucumber | Cauliflower | Carrot | Strawberry | Pineapple | Watermelon | Herbs | Flowers

# COCO PEAT OPEN TOP GROW BAGS

#### **Key Specs**

- Size: 25x25 cm, 30x30 cm (custom options)
- Weight: 2-4.5 kg per bag
- Material: Coco Peat or Coco Mix (Chips/Fiber)
- Outer: UV-stabilized LDPE/HDPE poly bag

#### **Uses**

- Greenhouse farming
- Terrace gardening
- Hydroponics
- Floriculture

#### **Features**

- Ready-to-use container
- Maintains uniform moisture
- Lightweight & reusable
- Multi-season durability

#### **Variants**

- Sizes: 20x20 cm to 30x40 cm
- Fill: 100% peat or mixed blend
- 1–3 planting holes

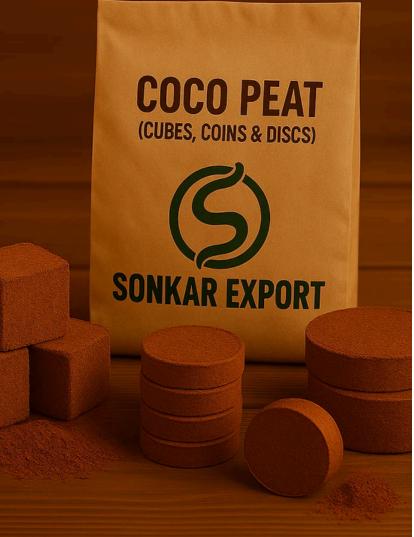

#### **Export Pack**

- Individually or bundle packed
- Palletized for export
- Custom branding & barcoding available

#### **Crops**

 Tomato | Capsicum | Cucumber Cauliflower | Carrot | Strawberry Pineapple | Watermelon | Herbs | Flowers

# COCO PEAT – (CUBES, COINS, AND DISCS)

**Key Specs** 

- Cubes: 4x4x4 cm, 5x5x5 cm
- Coins: 30-42 mm diameter
- Discs: 60-100 mm diameter
- Material: 100% Washed & Buffered Coco Peat

#### Uses

- Seed germination
- Propagation
- Tissue culture hardening
- Hydroponics

#### **Features**

- Biodegradable & peat-free
- Easy to hydrate & expand
- Promotes strong root growth
- Reduces transplant shock

#### Variants

- Cubes, coins & discs in multiple sizes
- With/without center hole
- Pre-wrapped in netting (optional)

#### **Export Pack**

- Packed in cartons or shrink-wrapped packs
- Palletized for bulk export
- Custom barcoding & labeling available

#### Crops

 Tomato | Capsicum | Cucumber Cauliflower | Carrot | Strawberry Pineapple | Watermelon | Herbs | Flowers

# PROPAGATION CUBES

#### **Key Specs**

- Size: 4x4x4 cm, 5x5x5 cm (custom)
- Material: Washed & buffered coco peat
- Weight: ~20-30g per cube

#### عمواا

- Seed germination
- Hydroponics
- Nursery propagation
- Horticulture

#### **Features**

- 100% biodegradable
- Promotes healthy root growth
- Pre-cut holes for easy planting
- High water retention

#### **Variants**

- Sizes: 4cm, 5cm, 10cm
- With or without center hole
- Different coco blends (chips, fiber mix)

#### **Export Pack**

- Packed in trays or cartons
- Palletized for bulk export
- Private labeling available

### **COCO PEAT BALE-25 KG**

#### **Key Specs**

- Weight: 25kg per bale
- Size: 30x30x12 cm (compressed)
- Material: 100% Natural Coco Peat
- pH: 5.5–6.5 | EC: Low (<0.5) or High (1.0–2.0)

#### Uses

- Soil conditioning
- Hydroponics
- Potting mix base
- Mulching

#### **Features**

- 100% biodegradable & renewable
- Expands 5–6 times in volume
- Excellent water retention & aeration
- Improves root growth

#### **Variants**

- EC grades: Low & High
- Texture: Fine, medium, coarse
- · Washed, unwashed, or buffered

#### **Export Pack**

- PP bagged or stretch-wrapped
- Palletized for shipping
- Custom labeling available
- Crops
- Tomato | Capsicum | Cucumber | Cauliflower | Carrot | Strawberry | Pineapple | Watermelon | Herbs | Flowers

### **COCO FIBER BALES**

#### Key Specs

- Size: 100cm x 60cm x 40cm (approx.)
- Weight: 100-125kg/bale
- Material: 100% Natural Coir Fiber (Brown/White)

#### Uses

- Mattress & cushion filling
- Brush & mat manufacturing
- Insulation material
- Agricultural mulching

#### Features

- Eco-friendly & biodegradable
- Strong and durable
- Resistant to saltwater & rot

#### **Variants**

- Brown & white fiber grades
- Washed or unwashed
- Cut or uncut long fibers

- Compressed and strapped with PP or steel bands
- Palletized or container loaded
- Shrink-wrapped with labeling available

### **COIR POTS**

#### **Key Specs**

- Size: 2.5 inch to 12 inch diameter
- Material: Coir Fiber + Natural Latex
- Moisture Content: 12–15%

#### Uses

- Seed germination
- Gardening
- Organic farming
- Nurseries

#### **Features**

- 100% biodegradable
- · Prevents root shock
- Excellent water retention
- Air pruning for healthier roots

#### **Variants**

- Round or square shape
- With/without drainage holes
- Custom branding options

#### **Export Pack**

- Stacked in cartons or HDPE bags
- Palletized & shrink-wrapped
- OEM labeling available

### **COIR POLES**

#### **Key Specs**

- Length: 1ft-6ft
- Diameter: 25mm-50mm
- Material: PVC/Wooden core wrapped with Coir
   Fiber
- Moisture Content: 12-15%

#### Uses

- Plant support
- Training creepers
- Indoor & terrace gardening
- Landscaping

#### **Features**

- 100% biodegradable outer layer
- Retains moisture for aerial roots
- Strong and durable

#### **Variants**

- Core: PVC, wooden, bamboo
- Tapered or straight ends

- Bundled in sets of 10, 20, or 50
- Packed in cartons or PP bags
- Palletized for export

### **COIR MATTRESSES**

#### **Key Specs**

- Sizes: Single, Double, Queen, King
- Thickness: 2", 4", 6", 8"
- Material: Coir Fiber + Rubberized Latex

#### Uses

- Home bedding
- Hotel & hostel beds
- Healthcare setups

#### **Features**

- Eco-friendly & breathable
- Firm orthopedic support
- Moisture regulation
- Dust-mite resistant

#### **Variants**

- Coir + Foam or Coir + Latex
- Quilted fabric options (cotton, polyester)
- Custom branding available

#### **Export Pack**

- Vacuum-compressed & roll-packed
- Option for fabric bags or cartons
- Palletized for bulk shipping

### **COIR WOOD**

#### **Key Specs**

- Panel Size: 8ft x 4ft (2440mm x 1220mm)
- Thickness: 6mm, 9mm, 12mm, 18mm
- Weight: 25-35kg per sheet
- Material: Compressed Coir Fiber + Resin

#### Uses

- Furniture
- Interior paneling
- Carpentry
- Construction projects

#### **Features**

- Eco-friendly wood alternative
- Termite & moisture resistant
- Durable & long-lasting
- Low VOC emissions

#### **Variants**

- Surface: Raw, laminated, pre-finished
- Core types: Solid coir or coir + wood composite
- Custom branding options

- Stacked with edge protection
- Shrink-wrapped & palletized
- Moisture barrier on request

### **COIR MAT**

Eco-Friendly & Sustainable

#### **Key Specs**

- Sizes: 1m x 2m, 2m x 5m (customizable)
- Thickness: 5mm, 10mm, 20mm
- Material: 100% Coconut Coir Fiber
- Weight: 500g-2kg

#### Uses

- Flooring
- Erosion Control
- Landscaping
- Doormats

#### **Features**

- 100% Biodegradable
- · Retains moisture
- Prevents soil erosion
- Weed suppressant

#### **Variants**

Custom sizes & latex bonded options

#### **Export Pack**

- Rolled, PP bags, palletized
- OEM branding available

# COIR NEEDLE FLAT

#### **Key Specs**

- Size: 1m x 2m, 2m x 5m (custom)
- Thickness: 5mm, 10mm, 15mm
- Material: 100% Coir Fiber
- Weight: 500g-1.5kg

#### Uses

- Matting
- Soil Protection
- Insulation
- Lining & Covering

#### **Features**

- 100% Biodegradable
- Uniform flat surface
- High water retention
- Promotes root aeration

#### **Variants**

- Custom sizes
- Latex bonding on request

- UV-treated polybags
- Palletized bundles
- OEM branding available

# COCO FIBER SCRUB PAD

#### **Key Specs**

- Size: 10x7 cm, 12x8 cm (custom)
- Thickness: 1cm, 1.5cm
- Material: 100% Natural Coconut Coir Fibers

#### Jses

- Kitchen cleaning
- Dish scrubbing
- Industrial cleaning
- Surface sanitizing

#### **Features**

- 100% biodegradable
- Tough on grease, gentle on surfaces
- Chemical-free & odor-resistant
- Variants
- Different sizes & thickness
- With/without latex bonding
- Dual-layer options (coir + cotton/sponge)

#### **Export Pack**

- Bulk packs or retail-ready sets
- Carton or paper packaging
- Palletized and shrink-wrapped

### **COCO MULCH MAT**

#### **Key Specs**

- Sizes: 4"-24" diameter
- Thickness: 4mm-20mm
- Material: 100% Coir Fiber (with or without latex)

#### Uses

- Weed control
- Mulching
- Soil moisture retention
- Temperature regulation

#### **Features**

- 100% biodegradable
- Suppresses weed growth
- Retains soil moisture
- Allows air & water penetration

#### **Variants**

- Round or square shapes
- With/without center slit
- Decorative custom options

- Stacked in cartons or HDPE bags
- Palletized & shrink-wrapped
- OEM branding available

# COIR WOVEN GEO-TEXTILES

#### **Key Specs**

Roll Width: 1m-4mLength: 25m-100m

• GSM: 400–900

• Material: 100% Coir Yarn

#### Uses

• Erosion control

• Road & riverbank reinforcement

• Slope stabilization

Landscaping

#### **Features**

• 100% natural & biodegradable

• Moisture retention

• Easy to install

#### **Variants**

• Mesh: 4x4 cm, 2x2 cm

• GSM options: 400, 600, 900

• Latex/fire-retardant treatment on request

#### **Export Pack**

• Palletized for shipping

Custom labeling available

# COIR NON-WOVEN GEO TEXTILE

#### **Key Specs**

• Roll Width: 1m-4m

• Roll Length: Up to 50m

• GSM: 400-900

• Material: 100% Needle-Punched Coir Fiber

#### Uses

• Soil stabilization

Drainage

Filtration

• Erosion control

#### **Features**

• 100% biodegradable

High water permeability

• Provides soil reinforcement

• Promotes vegetation growth

#### **Variants**

• GSM options: 400, 600, 800, 900

• Roll width & length customizable

• Latex bonding on request

#### **Export Pack**

• Rolled in UV-stabilized sheets or jute

• Palletized for shipment

Custom labeling available

### **COIR ROPES**

Natural & Strong

#### **Key Specs**

- Diameter: 4mm-32mm • Weight: 5kg-25kg coil
- Material: 100% Coir Fiber

#### Uses

- Tying & Bundling
- Agriculture
- Support

#### **Features**

- Biodegradable
- High tensile strength
- Saltwater resistant

#### **Variants**

- 4mm, 6mm, 10mm, 16mm+
- Custom braiding

#### **Export Pack**

- Jute/PP bags, palletized
- Private labeling available

### **COIR LOGS**

#### **Key Specs**

- Diameter: 20cm, 30cm, 40cm, 50cm
- Length: 2m-5m
- Material: 100% Coir Fiber core with Coir Netting
- Weight: 8kg-25kg

#### Uses

- Erosion control
- Shoreline protection
- Soil stabilization
- Reforestation

#### **Features**

- 100% Biodegradable
- High water absorption
- Easy to install

#### **Variants**

- Different diameters & lengths
- With/without pre-seeded vegetation

- Stretch-wrapped or bundled on pallets
- UV-protected HDPE wrap
- Custom labeling available

# COIR FIBER PACKING MATERIAL

#### **Key Specs**

- Form: Loose-fill or sheets
- Weight: 5kg-25kg bundles
- Material: 100% Natural Coir Fiber

#### Uses

- Protective packaging
- Wrapping fragile items
- Insulation

#### **Features**

- 100% biodegradable
- Lightweight & breathable
- Recyclable & compostable
- Moisture-resistant

#### **Variants**

- Loose coir fiber
- Fiber sheets or rolls
- Latex-bonded padding (optional)

#### **Export Pack**

- Packed in PP or jute sacks
- Baled & palletized
- Custom eco-labeling available
